DEAR CREDIBLE,

Due to a scheduling conflict the **Billing Series: Billing Payer Table Updates** webinar is now **Monday, July 30th at 3:00pm EDT**.

On June 21st, Credible released a new structure to the Billing Payer Table which allows Partners to configure each Payer's plan type specific configuration individually. For those Partners who provide outpatient, inpatient, and primary care, this means that you no longer need to toggle settings on and off depending on what program you are batching for. Join Credible's Billing Subject Matter Experts on July 30th as they review the overall functionality, configuration steps, and batching process using the new Billing Payer Table structure.

Click here to register.

Thank you for your continued Partnership,

Hope Winkowski
National Billing Manager
