CREDIBLE

Behavioral Health Software

CREDIBLE CARE APP

New Versions Now Available!

DEAR CREDIBLE,

New versions of Credible Care for iOS and Android are now available! A listing of the features included in these releases follows below.

What's New in **Credible Care for iOS 1.12.1** and **Credible Care for Android 1.5.1**:

- **Tx Plus Extended Fields in Forms:** Users can now view any Tx Plus Extended Fields appearing in their forms.

- **Block Overlapping Visits:** Agency Partner Config settings regarding overlapping visits are now followed in Care.
- **HIPPA Log Improvements:** The logs generated on mobile are now more readily understandable.
- **Expiring Passwords:** Users with an upcoming password expiration can now log in prior to the expiration date's arrival.

Additional interface enhancements and minor corrections are also included in this upgrade.

We are excited to share these new Credible developments with your Agency.

Thank you for your continued Partnership,

Jaclyn O'Donnell

Executive Vice President
