Credible is excited to announce a new segment of Live Help this year at Partner Conference, Live Domain Wellness Checks. You read that correctly. If you have been wondering how you've kept up in utilizing new features, if you think certain sections of your domain need an overhaul, if you are finally ready to make the switch to Credible Best Practices workflows and want to ensure you are configured to do so, you need to schedule a Live Domain Wellness Check. Sit with a member of our Partner Services team and review a Domain Wellness Check and recommendations that we can help you configure and implement on the spot. Partners can participate in both Live Help and Live Domain Wellness Check. Each Partner Agency may register for one (1) Live Domain Wellness Check. Prior to the Partner Conference, a Credible representative will contact you regarding your Agency's assigned Live Domain Wellness Check time slot. *Please note: Sign up for Live Domain Wellness Checks will be available in early February.*
