CREDIBLE UPDATE: CLINIC LOCATIONS

DEAR PARTNER,

In our [Upcoming Enhancements message on April 18](#), we introduced [Clinic Locations](#). This feature replaces Geo Areas/Offices for the eRx and EPCS modules; you will no longer see Geo Areas in those functions, and will see Clinic Locations in their place. However, Geo Areas remains active and unchanged for all other parts of Credible's software.

We hope this clarifies any potential confusion around the Clinic Locations feature.

Thank you for your continued Partnership,

Anne Hunte
