Behavioral Health Software

DEAR CREDIBLE,

I would like to apologize to all that attended today's Arkansas PASSE webinar for the content and delivery not meeting yours or Credible's standards. We understand this is a challenging time with the impending changes and we want to make sure we are doing everything we can to make sure you are informed and prepared for the transition.

As a make up for today's session, Credible will be offering an additional PASSE webinar on **Monday, November 19th at 1:00PM EST** hosted by Credible's Vice President of Product Services, Hope Winkowski. This webinar will provide an overview of current PASSE information provided by Forevercare and Arkansas Partners, as well as high level configuration and credentialing considerations as Partners prepare for the transition. In addition, lessons learned from other State Medicaid expansions and implementation of Carve Ins/Carve Outs will be included.

We hope that the updated Webinar material will further assist Partners in preparing for PASSE transition.

Thank you for your patience and continued Partnership!

Jaclyn O'Donnell
