CREDIBLE

Behavioral Health Software

DEAR CREDIBLE,

With the January 1, 2018 Pennsylvania Medicaid requirements to include Ordering, Referring, and Prescribing information (ORP), Credible functionality was expanded to allow the reporting of ORP data from a client's episode to each claim. Recently, Credible has expanded the ORP offering to enable Partners to report ORP data from a client's episode to each claim.

Join Credible Subject Matter experts on **Thursday, November 29 at 2:00PM EST**, as we explore configuration and workflow of sending ORP data in your claims.
